Subject: Trico: Docket No. E-01461A-15-0057 SSVEC: E-01575A-15-0127 APS: 13-0248

Dear Commissionser,

The three utilities are trying to levy charges on we solar customer outside of established procedures. Why should they be allowed to raise rates for our solar? This process fairly is to discuss the solar rates in a rate case. This Commission should stick to their word and not let utilities raise rates outside of the proper venue.

Thank you for being fair with the customers who in good faith purchased solar believing this was the best way to go for us personally and our environment.
